

# Hoerbelt

96 Sunset Lagoon Drive, Wellers Bay

Planting plan created by

## Schedule A:

# Plants & Property

## Land Characteristics

This planting plan is designed based on the land characteristics identified during the day of the site visit. Plants are chosen according to the soil and light conditions on your property. The number of plants chosen for each planting compartment takes into account the square metre area of the space, as well as the amount of current vegetation cover.

## Land Characteristics by Compartment

Length	Width	Area	pH	Soil	Moisture	Light	Height
m	0m	m <sup>2</sup>					

The following table summarizes key information about each plant selected for your property.

## Schedule B

# Financial Summary

Project by:

## Schedule C

# Project Agreement

## Stewardship Agreement

Please indicate your agreement to this proposed plan by signing the following Stewardship Agreement and submitting it, along with your financial contribution, to:

## Plant Availability

Please note that plant species may need to be changed based on plant stock availability at the time of ordering.

## Project Completion

# The Natural Edge Stewardship Agreement with

Agreement made this \_\_\_\_\_ Day of the Month of \_\_\_\_\_ in the Year \_\_\_\_\_.

# About this program

## About

### **This program was created by Watersheds Canada**

We believe that every person has the right to access clean and healthy lakes and rivers in Canada. At Watersheds Canada, we work to keep these precious places naturally clean and healthy for people and wildlife to continue using for years to come. We love working with others to meet the needs of local communities, whether you're a concerned citizen, a landowner, a lake association looking for help, or a coalition of groups interested in activating your local community.
